I don't own Naruto or bleach

A little child no less then 8 years old 3'4 with golden-sun hair with deep blue eyes and three whiskers on both sides of his cheeks was running for his life. This boy name's is Naruto Uzumaki Namikaze and the reason he is running for his life is because-

"KILL THE DEMON BRAT!"

...well ...i guess that answer your question on why he was running huh? You see Naruto is being blamed for something that wasn't his choice or knew what it is. The reason is 8 years on October 10 the Kyuubi Yoko Kistune attacked Konohagakure and had destroyed over half of the village during it rampaged, before it could destory the other half of the village, 'The Fourth Hokage': Minato Namikaze had fought and sealed the Kyuubi into his son:Naruto but has died after the seal. Minato wife and mother of naruto: Kushina Uzumaki had thought

and believed the kyuubi was Naruto and has abandoned him at the age of 4. she had show no love to him and wanted to kill him. But the third hokage had order her if she ever harmed a single on him she will crimed treason and be executed for harming naruto while she couldn't kill him herself she had the villagers that the boy was the demon and paid them to kill him. many times they close of killing him but the anbu that the hokage trusted and order them to protect him most anbu believed that he was the kyuubi too. Only a few anbu that believed that he was the prison not the prisoner himself. and saved many time. Now October 10 Naruto was running away from angry mod while crying. when he turn into an ally way and found himself trapped between a dead end and angry mob. He slowly turn his head towards the mod with fear in his eyes. one of mob member step forward she was mid-thirty with shoulder length pink hair. the boy recalled as sakrua haruno's mother. She look at the boy with a smirk on face and says.

"so the fox brat is finally cornered this will be great pleasure for killing you DEMON!"

the mob roared with angry The haruno pulled out a kitchen knife look stright into the boy's eyes that were terrorized

"P-please, t-tell me why? Why are you doing this, what i have done to caused i'm so confused. P-please tell me why?" said Naruto while backing against a wall.

The woman started chuckling before into a evil laugh "I see, you don't why huh? very well i tell you why. 8 years old the kyuubi attack this village and has killed hundred of shinobi and citizens plus the fourth hokage..." Naruto eyes went wide "...He fought and sealed the kyuubi into you. you are the KYUUBI!" Said the haruno.

While Naruto was tearing up of about he was told "N-no! that can't be true! why?! Why did he do this to m-Agh?!"

naruto was stab in the chest blood pouring out his mouth. the woman leaned in beside and spoke in his ear "That was for my husband" she pulled out the knife and watch naruto fall face first in the dirt

" THE DEMON IS DEAD!" The mob cheered hearing the the 'demon brat' was dead. naruto's blood was pooling around him a he slowly closed his eye feeling his life slipped away.

><p><strong><span>In mindscape<span>\*\*

Naruto eyes flattered open as he stared into dark sewer ceiling with red white and blue pipes running the sewer. Naruto sits himself up and realized that he is in water but doesn't feel wet "Odd why am i in a sewer?" he said to himself. he stands up and look down the corridor and started walk down until he come acrossed a huge area with large gates at the end with a piece of paper with a kanji saying 'seal'. naruto walks up close with caution. he stops in front of the bars when he light breathing on the other side.

Curious he leaned and ask"H-hello anybody in there?"

he waited a half of minute before he see movement in the darkness .  
he sudden have to look up a little when he he was stunned where he  
sees two giant red silted eyes staring right at him

\*\*\*So my container has chosen to show up? interesting...\*\*\*

Naruto gulped before he talk "um are you the legendary Kyuubi yoko  
kistune?" with no fear in vioce.

The kyuubi was interested of seeing this human boy showing no fear on  
him. \*\*\*Indead I am, tell me, what's your name child?" \*\*said the  
kyuubi

"Naruto, Naruto Uzumaki. Kyuubi-sama" He said with a little  
bow

\*\*\*Interesting, while you show no fear you are still are polite why  
is that?\*\*\* said the kyuubi

"Well Kyuubi-sama you are the most powerful creature to ever walk on  
this earth, plus I believe that we kinda share the same pain but i  
might be wrong there. Even though you being in here caused me pain,  
but that wasn't your fault it was the fourth hokage that did this to  
us." said naruto with respect in his vioce

The kyuubi was speechless this boy saying that share a common thing  
that no else can understand also to have respect towards the most  
powerful demon in the whole world.

\*\*\*Hmm.. I like your guts kit, you know to be respectful towards  
power creatures, also i guess you're little right about we share a  
common pain but you only a fraction of hated I have..." \*\*said the  
kyuubi with pride

"I have a couple of question to ask if that alright Kyuubi-  
sama?"said naruto with quizzical look on his face.

\*\*\*Very well, I will you questions the best I can do\*\*\*

Naruto gulp for this is the question he been wondering about for  
awhile "do you know who was my father...?"

\*\*\*the fourth hokage.\*\*\*

" I see...that explains alot, Um i know this might be a personal but  
are you male or female?"

Kyuubi was shocked of what this boy asked

\*\*\*I'm female...\*\*\*

"i see.. you use a deep voice to intimidate your enemies" said naruto  
while the kyuubi nodded but had a question herself

\*\*\*Why are you aren't shock of me being female?" \*\*with a eyebrow  
raised

"well who said that the legendary nine tailed fox was  
male?"

\*\*"hmpf...good point anymore questions? \*\*

"just one and a favor to ask."

Kyuubi had eyebrow rised \*\*"very well tell me you question then ask me of this favor."\*\*

"um i know that i have clan but do I have an bloodline of some kind?"

\*\*"Yes you have a bloodline but it's a special bloodline that was granted by the Shinigami herself, the reason why she give you this is beyond me that all i know..." Kyuubi looks behind naruto and smirks " However I do know someone that explain it better." said kyuubi  
\*\*Naruto was confused until he felt someone was behind, he turns his head slowly till he sees one of the most beautiful creature he ever seen. Behind him was a silver/grey wolf with golden eyes staring into his blue eyes like the creature was staring into his soul, the wolf was 4'5 foot tall and 6'9 foot long the body was lain and built for speed and power but it look more female that a male wolf. it 2 foot tail swaying lightly. Naruto couldn't look away from it eyes as he fear if he look away, it will pounce on him. he kept watching as the wolf started walking towards him. As it got closer he can see that he was deafened by this wolf, as the wolf head was a foot away from his face he can feel and smell the breath of this mighty beast. it breath was cool and it smelled like roses and honey. As he stared at the wolf he felt daring and started lifting his right hand up towards the wolf as he got close the wolf look at the hand. the wolf closed it eyes and lower it head and touch the hand with it forehead a bright light started to shine that came from the hand that touch the wolf that cover the whole room. as the light died down naruto took a look at his hand was shook of what was on his hand. on his hand was a red fox sleeping with it tail rapped around itself and a black and silver wolves rapped around the fox with silver wolf head was beside the fox's head sleeping and the black had his head up looking toward naruto with solid blue eyes staring at him like it was watching him . Naruto look up at the wolf and see it sitting on hind legs wagging it tail. \*\*\_'it is nice to meet to you Naruto-kun' said a female vioce \_\*\*Naruto jumped when he heard a the voice he look around and found no except him, the wolf and the kyuubi. he look back at the wolf with a eye brow rise "D-did you just speck to me?" \*\*\_'indeed I am a piece of the \_\_Shinigami that hasleft for you during the sealing." as she bowed her head alittle "i was assigned to help you and be your companion in the real world and you will learn how to wield the powers that Shinigami-sama has left in you as in 'forgiveness' for what she has done and would like to meet you again sometime when you older." when the golden eye wolf said naruto was shock that the death god was left a powers for him. \_\*\* When he snapped out the dazed he smile a true smile and a few tears escape his eyes he wiped them away and took a few deep breaths. He look back the kyuubi to see her smiling showing her razor sharp teeth. he smiled back, he look back the golden eye silver wolf and bowed "thank you but can explain the the animals on my hand mean?" as he lift his hand to show the wolf. the wolf giggled and wagged her tail faster \_\*\*"the mark show the animal what we take form in 'spirit form' what that means is that i take the form a silver wolf on your hand the fox is the kyuubi-" naruto look at the kyuubi who nod to comfirm it he turn back to the wolf to continue " the Black wolf inspires you in spirit as it has the same color eyes as you do . Now on to more important business matter we must transform your body so it can handle the power you

gained and to have a better physical and mental appearance. do you accept?" \*\*\_naruto was in deep in thought about this offer that become better for him he look at the golden wolf "I accept by the way what are you to names i know that kyuubi is you name it sound more like a title or something." Kyuubi eye widen then look at the wolf who nodded towards the kyuubi who sighed then nodded both look at naruto.

Kyuubi \*\*" My name is Enma" (Means Ruler of hell)\*\*

Silver wolf \*\*\_"my name is Eri" (means: smart and justice seeker)\_\*\*

Then a bright light cover naruto whole body as the change was starting

\* \* \*

><p><strong>Cliff hanger for this one that chapter will get longer<strong>

\*\*The silver wolf is my OC's \*\*

\*\*this is only the beginning for a great change \*\*

End  
file.
